

DIRECTIONS TO THE CLASSROOM: Once on campus, park on the far east side of the lot, and follow the southernmost sidewalk to the east, with a rose garden on your right (south) and a lawn on your left. As you approach the tall gray building, turn left (north) and enter the building at the first door, which is recessed from the outside wall. Room B157 is across the building, and the first classroom outside the double doors. Vending machines are on your right as you enter the classroom. I will be available in the general area to help you find the room, or you may call me at 266-1715 when you reach the area so I can walk you in from the parking lot. The classroom can be confusing to find the first time, so please allow time the first day to locate the room. If the recessed single door is locked, continue north on the sidewalk and loop around the building to reach the classroom.
